

COLLEGE FOOTBALL OFFICIATING, LLC

SUBSTITUTION MECHANICS—A REMINDER

All officials should re-visit the Substitution Procedures found on pages 50-52 of the *2013 Football Officiating Manual* (mechanics manual). These substitution procedures are to be followed by all officiating crews in all conferences without exception. While there may be some detailed differences in those games with crews of eight officials, the principles of managing the substitution process must not be compromised.
