TOUCHING OF A PASS

The language below gives an interpretation that is intended to assist the Instant Replay Officials by providing guidance that will enhance the consistency of our philosophy as to what is and is not considered as touching of a pass under 12-3-2-b

12-3-2-b

b. Forward pass touched by a player (eligible or ineligible) or an official, including whether the touching is beyond or behind the line of scrimmage. [*Exception: Touching of a pass in the vicinity of a potential pass interference foul is not reviewable*]

The Instant Replay Official should not review touching of a pass in the vicinity where pass interference fouls could occur. This will ensure our philosophy of not reviewing touching of a pass when pass interference is called in the vicinity of the pass interference foul.
