

COLLEGE FOOTBALL OFFICIATING, LLC

Offseason Preparation

It is important that we use this time to prepare for the upcoming season. The first of a series of videos is now available. This video covers targeting. We have sent a video using the same plays to the coaching staffs, so we will all be on the same page when the season begins. Remember the factors we must consider as it pertains to this call:

- Is there an indicator present? If not, we can end the process.
- Is the player defenseless or not? Rule 9-1-3 or 9-1-4
- Is there forcible contact to the head/neck area? (9-1-4)
- Is there forcible contact with the crown of the helmet? (9-1-3)

In addition, we have posted a 10-question quiz pertaining to targeting, and reference materials from the National Clinic including the video test answers, timing rules PP, and decision-making PP.

We will post the answers to the test and the next video in the series in two weeks and continue that schedule up until the start of the season.

I look forward to working with all of you and please feel free to contact me with any questions that come up.
